REQUEST FOR APPROVAL OF COMPENSATION

32. Compensation for professionals is governed 11 U.S.C. §§ 330 and 331. The Court is authorized to grant "reasonable compensation for actual, necessary services rendered by the [professional person] and reimbursement for actual, necessary expenses."

33. The Applicant requests that the Court approve this Application, incorporating services and expenses incurred during the Interim and Final Compensation Periods, because it has completed its assignments in a timely, efficient and effective manner.

A. The services of the Applicant have provided direct benefit to the estates, both tangible and intangible, by saving amounts for professional services inadvertently, improvidently or inappropriately billed to the estates and by helping provide transparency and accountability in the professional fee process.

B. The services of the Applicant have assisted the Court and the U.S. Trustee in fulfilling their own responsibilities, and those same services have helped encourage the Retained Professionals to submit applications for compensation and reimbursement that meet the requirements of the Bankruptcy Code, the U.S. Trustee Guidelines and the S.D.N.Y. Guidelines.

C. All of the Fee Examiner's standards and guidelines applied to other Professionals have also been applied to the Applicant.

34. The detailed Godfrey & Kahn time records, accompanying the Application as **Exhibit E**, reflect the Applicant's initial voluntary reductions including matters that, in Godfrey & Kahn's judgment, may not be appropriate for billing to the estates.

35. The fees and expenses recorded are in accordance with the Applicant's existing billing practices and are consistent with the fee arrangements approved in the Amended Fee Examiner Order and the Godfrey & Kahn Employment Order. The rates for services provided in these cases have not changed since the commencement of this engagement.

36. There is no agreement or understanding between the Applicant and any other entity for the sharing of compensation to be received.

37. The Applicant respectfully maintains that the services provided were actual and necessary to the administration of the fee examination process in these cases. Given the size and complexity of these cases, the parties agreed to the appointment of a Fee Examiner to aid both the U.S. Trustee and the Court in evaluating the reasonableness and necessity of professional fees and expenses.

38. In reviewing whether a compensation request should be granted, under 11 U.S.C. §330, the Court should be guided by the following factors:

[T]he nature, the extent, and the value of such services, taking into account all relevant factors, including—

- (A) The time spent on such services;
- (B) The rates charged for such services;
- (C) Whether the services were necessary to the administration of or beneficial at the time at which the service was rendered toward the completion of, a case under this chapter;
- (D) Whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue or task addressed;
- (E) With respect to a professional person, whether the person is board certified or otherwise has demonstrated skill and experience in the restructuring field; and
- (F) Whether the compensation is reasonable, based on the customary compensation charged by comparably skilled practitioners in cases other than these under Title 11;

39. The requested compensation and reimbursement meet the statutory requirements for allowance. The Applicant has completed its work in a timely and efficient manner commensurate with the complexity, importance and nature of the issues involved. The projects were staffed by professionals and paraprofessionals with demonstrated skill in the bankruptcy fee review context, and all work has been assigned consistently with the need to prevent unnecessary duplication and to ensure that work is performed by the least senior person competent to handle the matter efficiently.

40. Moreover, the requested compensation is reasonable because it is consistent with the customary compensation charged by comparably skilled professionals in the marketplace.

41. Accordingly, approval of the requested compensation is warranted.

**REQUEST FOR REIMBURSEMENT OF ACTUAL AND NECESSARY
EXPENSES INCURRED DURING THE COMPENSATION PERIOD**

42. The Applicant incurred total expenses from November 1, 2023 through September 30, 2024 in the amount of \$6,046.70. **Exhibits C and F** contain the expense categories for which the Applicants seek reimbursement and the detailed expense records.

A. The expenses for which the Applicant seeks reimbursement include only some of those routinely charged to the Applicant's clients.

B. The Applicant is not making a profit on any expense incurred as a result of services provided by a third party and has made a reasonable estimate of the actual cost for expenses incurred for any services provided in-house. The Applicant's charges in these cases are at the same rates or lower than those routinely charged to, and paid by, the Applicant's other clients.

43. Godfrey & Kahn typically charges clients \$0.15 for each black-and-white copy and \$0.50 for each color copy; however, both rates have been reduced to \$0.10 a copy for these cases.

44. The expenses are actual, reasonable and necessary in light of the scope of the Applicant's retention to aid in the administration of these cases.

NOTICE

45. Notice of this Fee Application has been provided to the parties in interest in accordance with the Amended Interim Compensation Order. The Applicants submit that such notice is sufficient and that no other or further notice need be provided.

46. No previous request for the relief sought has been made by the Applicant to this or any other Court for these matters.

CONCLUSION

The Applicant respectfully requests that the Court enter an order authorizing interim allowance of compensation for professional services rendered during the Compensation Period in the amount of \$414,314.50 in fees and \$6,046.70 in actual and necessary expenses incurred during the Interim Compensation Period and \$1,932,594.50 in fees and \$25,744.75 in actual and necessary expenses incurred during the Final Compensation Period and order the Debtors to pay these amounts, within fourteen calendar days from the date of any order arising from this Application.

Dated: October 22, 2024.

WE HEREBY CERTIFY that on this date, we electronically filed the foregoing application with the Clerk of the Court using the CM/ECF system that will send notification of such filing to all attorneys of record registered in the use of the CM/ECF system.
